

Financial Accounts

16 July 2026

For further information: statistiche@bancaditalia.it
www.bancaditalia.it/statistiche/index.html

Figure 1

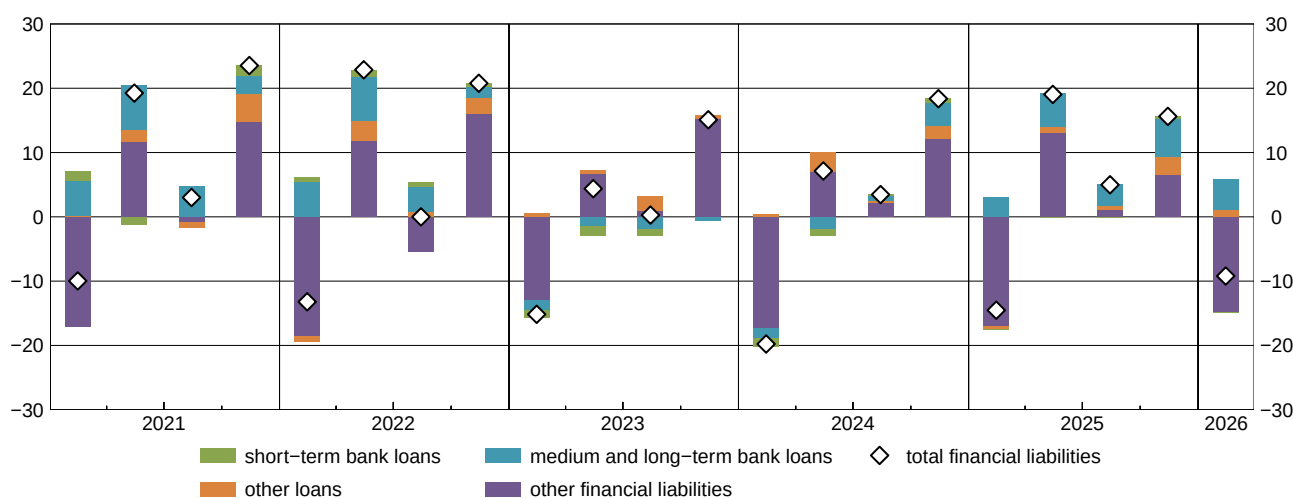

Households' financial assets (flows, billions of euros)

In the first quarter of 2026, Italian households' net sales of financial assets amounted to €4.8 billion. Purchases of debt securities (€17.6 billion) and asset management products (€11.7 billion) were more than offset by the decrease in other financial assets (-€22.6 billion; mainly trade and tax credits) and deposits (-€5.8 billion), as well as by sales of shares and other equity (-€5.7 billion).

Figure 2

Households' financial liabilities (flows, billions of euros)

In the first quarter of 2026, Italian households' financial liabilities decreased by €9.2 billion. Increases in bank loans (€4.4 billion) and other loans (€1.1 billion) only partially offset the decline in other financial liabilities (-€14.7 billion; mainly trade payables).

Reference period: 1st Quarter 2026

Figure 3

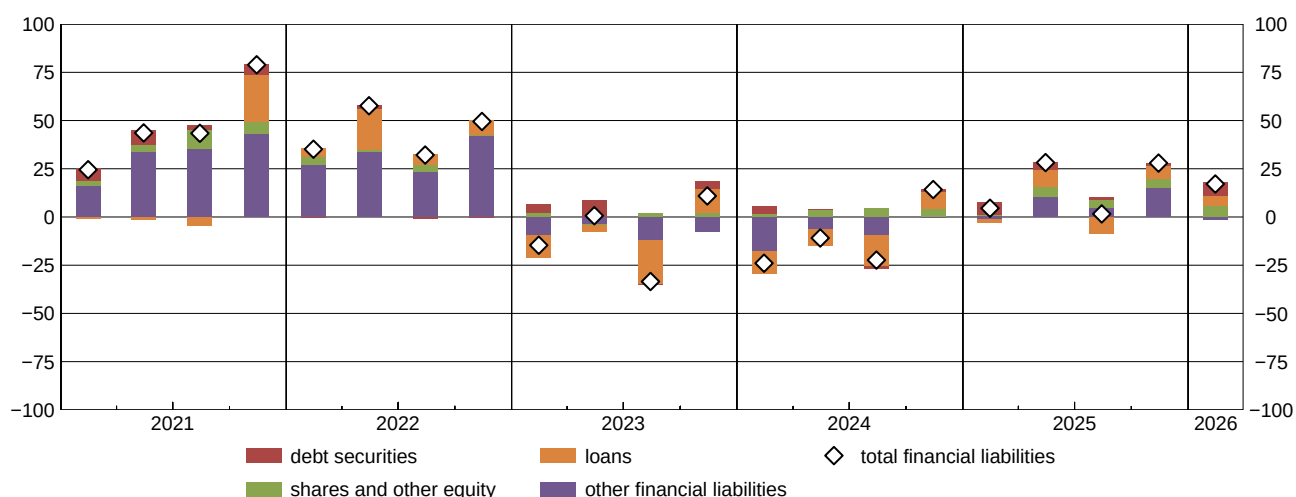

Non-financial corporations' financial assets (flows, billions of euros)

In the first quarter of 2026, Italian firms acquired financial assets amounting to €34 billion. The increase was mainly driven by shares and other equity (€31.6 billion) and other financial assets (€10 billion; primarily trade and tax credits). Firms also purchased debt securities (€2.8 billion) and asset management products (€1.3 billion), while deposits decreased (-€11.7 billion).

Figure 4

Non-financial corporations' financial liabilities (flows, billions of euros)

In the first quarter of 2026, Italian firms' financial liabilities increased by €17.1 billion. The rise was attributable to net issuance of debt securities (€7.5 billion) and shares and other equity (€5.2 billion), as well as to the growth in loans (€5.5 billion).

Notice to Readers

On October 15th 2024 the Bank of Italy released revised Financial account data in the Statistical Database (BDS). The release occurred in the context of the general five-year revision of national accounts (“benchmark revision”; see <https://www.istat.it/comunicato-stampa/la-revisione-generale-dei-conti-nazionali-2024-anni-1995-2023/>). The changes reflected innovations in data sources and the incorporation of the revisions in other statistical domains, in particular in balance of payments and non-financial sectoral accounts. The revisions are illustrated in a methodological note that is available at the following address: <https://www.bancaditalia.it/statistiche/tematiche/conti-patrimoniali/conti-finanzari>.

The methodology and the main statistical sources used to produce financial accounts statistics are described in the publication “I Conti Finanziari dell’Italia”, that can be consulted at this [link](#).

General information

- I Unless indicated otherwise, figures have been computed by the Bank of Italy.
- II Symbols and Conventions:
 - the phenomenon does not occur;
 - the phenomenon occurs but its value is not known;
 - .. the value is known but is nil or less than half the final digit shown.

Figures in parentheses in roman type () are provisional. Those in parentheses in italics () are estimated.
- III The tables are identified both by a number and by an alphanumeric code that defines the content of the table in the electronic database holding the information to be released to the public. A similar code identifies the different aggregates shown in each table.
